## SOLUTIONS TO SIMPLIFY GLOBAL PAYMENTS

### Rapyd Collect

Our global payments processing solution is trusted by over 250,000 merchants worldwide. Accept cards and hundreds of alternative payment options. Grow sales with localised checkout and higher conversion rates.

### Rapyd Wallet

More than an account to hold funds, Rapyd Wallet is your multi-currency treasury solution, ledger and business account in one. Businesses can create and brand their own payments solutions with our white-label platform.

### Rapyd Disburse

Pay businesses, workers and freelancers anywhere. Rapyd's global network lets your business move money into hard-to-reach locations, lower fees with local clearing and speed up payments with instant card payouts and real-time payment networks.

### Rapyd Issuing

Rapyd's Issuing platform allows greater flexibility and control of how you make funds available to workers, partners and other cardholders around the globe. Create your own cards and control approvals for company expenses.

## ONE PLATFORM. A WORLD OF OPPORTUNITY.

With a Global Payments Network and direct acquiring licenses from major card schemes, Rapyd enables businesses to accept payments, reach more buyers, and expand across the globe. Designed for businesses of all sizes, Rapyd offers a secure, convenient and fast payment experience for your customers.
